Basic Wedding Package

Our base fee is \$750.00 and includes an engagement session, an 8.5X11 hard cover photo book (see below), and a DVD containing all images from the event (low resolution, watermarked). The low resolution images on DVD are provided to help you choose what prints you may want to order and give you an idea of what the high resolution DVD would contain (see below).

Our greatest concern is to cover as much of your wedding event as possible. This coverage includes the ceremony, and up to 3 hours of the reception/dance. The ceremony session begins 3 hours prior to the ceremony itself and is typically the time when formals and the bride/groom photos are taken. A non-refundable deposit of \$300 is required upon scheduling to hold the date and is applied to the base fee. The balance is due two weeks prior to the event. Any additional coverage is available for \$30.00 per hour.

A consultation time will be arranged in which we will discuss the details of the event. This consultation will occur from one month to two weeks prior to the ceremony.

High Resolution DVD:

A DVD containing the original, high-resolution images from the event can be purchased for \$250.00. All photos on the DVD will be color corrected and ready for prints at your favorite photo developer. A typical wedding will deliver between 500-800 photos. This includes formals, ceremony and candids taken at the reception.

Photo books:

If additional photo books are desired we offer them in both a leatherette cover and a fully customized printed and coated cover. Our books are highly durable. Each page in our photo books is digitally printed on heavy weight paper and coated in a matte or pearl finish, your choice.

Prints:

We offer prints at very reasonable rates. All prints are developed on archive quality photographic paper. No add-on packages to choose from, just pick the prints you want. Prints ordered from Fiahston Photography include color correction, sharpening (if needed), glare removal and a protective matte spray. Black and white, sepia tone, and other various effects are available for those prints ordered through us at no extra charge. We may even try new effects on some of our favorite shots just to give you an idea of what is possible. Below you will find pricing on the most common prints. If you don't see something you are after, just ask, we can probably get it.
